

Att'y Docket: 1802.04

In response to the rejection, claims 1-4, 7-20, 22-25 and 30-33 were cancelled. Claim 26 was amended to include the limitations of original claim 1 that was initially filed. Therefore, claims 26-29 meet the requirements to be in condition for allowance as was instructed in the first Office Action dated May 4, 2005.

A continuation application is to be filed later for the subject matter related to the cancelled claims.

CONCLUSION

The applicant believes that the rejections were obviated by the amendment of claims, and the application is now in condition for allowance: therefore, reexamination, reconsideration and allowance of the claims are respectively requested. If there are any additional comments or requirements from the examination, the applicant asks for a non-final office action.

The Commissioner is hereby authorized to charge payment of any additional fees associated with this communication, or credit any over-payment to Deposit Account No. 16-0310.

Very truly yours,
